CodeVertex Enterprise Pricing Guide (2026)

Company: CodeVertex Software Solutions
Website: https://codevertex.io
Document owner: Commercial Strategy Team
Version date: February 19, 2026

1) COMMERCIAL MODEL
- Published pricing on the website is shown as starting bands for procurement clarity.
- Final price is confirmed after scope, authorization, and environment complexity review.
- Engagements follow NDA-first and written authorization controls.

2) FIXED-SCOPE PROJECT PACKAGES
A) Attack Surface Sprint
- Starting band: USD 12,000 to 25,000
- Typical delivery window: 2 to 3 weeks
- Typical coverage: single web/API/cloud priority surface
- Deliverables: exploit-backed findings, remediation guidance, retest cycle

B) Core Assurance Program
- Starting band: USD 30,000 to 65,000
- Typical delivery window: 4 to 6 weeks
- Typical coverage: web + API + cloud baseline validation
- Deliverables: executive + technical reports, remediation workshop

C) Enterprise Offensive Validation
- Starting band: USD 75,000 to 180,000+
- Typical delivery window: 6 to 10 weeks
- Typical coverage: app/API/cloud/IAM with threat-led validation
- Deliverables: closure tracker, retest memo, governance narrative

3) RECURRING RETAINERS
A) Retainer Starter: USD 6,000 to 12,000 per month
B) Retainer Growth: USD 15,000 to 30,000 per month
C) Retainer Enterprise: USD 35,000 to 80,000+ per month

Retainers are recommended for continuous validation and measurable risk reduction over time.

4) STRATEGIC ADD-ONS
- vCISO Advisory: USD 8,000 to 25,000 per month
- Compliance Readiness: USD 20,000 to 70,000 per engagement
- Incident Readiness: USD 10,000 to 40,000 per engagement

5) BUYER GUIDANCE
- Entry path: Attack Surface Sprint
- Growth path: Core Assurance Program
- Enterprise path: Offensive Validation + Retainer
- Typical target response SLA: leadership response within 24 hours

6) COMMERCIAL TERMS OVERVIEW
- Scope assumptions and exclusions are defined in the statement of work.
- Change requests follow a documented change-control process.
- All testing activity requires written authorization and agreed test windows.
- Payment schedule depends on package and procurement requirements.

7) HOW TO REQUEST A CUSTOM QUOTE
